HSAC Committee Reports:

- **Treasurer - Don Robson**
- **Vice Chairman - Bob Hall**
- **Secretary - A quorum allowed a vote in accordance with HSAC By Laws. Bill Majeau was elected.**
- **Chairman - Pat Attaway**

Alan Walling, Program Director at Sikorsky, presented on “Communication as a Driver for Safety” with a Case Study on the tail rotor pitch change bearing. Highlights included: “Communication is top-down and bottom-up” at Sikorsky with Transparency to Customers; Safety is imbedded in the Culture as part of Sikorsky’s DNA, which includes the following formula: Methodology x Applied Learning = Safety. The video presented was excellent because it captured everyday Sikorsky personnel at their work stations and how they are committed to being “All In” respecting the highest standards of Safety and Quality for their Customers.

Jeff Goyer, Aviation Advisor at Hess, gave an outstanding presentation on “Lithium Battery Considerations,” to include regulatory status, causal factors, and risk mitigation strategies.

Closing Remarks: Pat Attaway thanked everyone with a reminder about the Lafayette meeting on May 15 and 16, 2019.
